

WHAT IS CLAIMED IS:-

1. A printer cartridge for an inkjet printer including:

a printing fluid storage;

a printhead in fluid communication with the printing fluid storage;

an air inlet; and

one or more conduits arranged to direct air from the air inlet over the printhead.

2. A printer cartridge according to claim 1, wherein the printhead comprises a pagewidth printhead.

3. A printer cartridge according to claim 2, wherein the air inlet is configured to mate with a complementary formation of the inkjet printer.

4. A printer cartridge according to claim 3, wherein the air is supplied to the air inlet by said complementary formation of the inkjet printer, which is in communication with an air supply source.
